- World Health Organisation
- France
- EU Institutions
- United Kingdom
- Inter-American Development Bank Group
- Japan
- Asian Infrastructure Investment Bank
- UNICEF

USD billion

Cross-border flows to developing countries
Global and regional expenditures
Future TOSSD governance arrangements
The Task Force achieved its main objective:
• TOSSD is now officially recognised as a data source in the SDG global indicator framework.
• OECD and UNCTAD are the co-custodians for SDG indicator 17.3.1.

This is a major recognition for TOSSD and the TOSSD methodology.
It opens opportunities for further engagement with SSC providers (on measurement and through SSC pilots).

TOSSD now needs a permanent governance arrangement that ensures broad participation in the TOSSD decision making by all stakeholder groups.
Thank You
