Core module: How to use TOSSD data

Total Official Support for Sustainable Development

SEMINAR 3 – How to make the best use of TOSSD data

16 February 2022, Virtual Zoom
Joint TOSSD – IsDB seminars

TOSSD Task Force Secretariat
OECD Development Co-operation Directorate (DCD)

Financing for Sustainable Development Division (FSD)
Statistical Standards and Methods Unit

Outline

1. Introduction to TOSSD.online
2. Development planning
3. SDG monitoring
4. Analysis of TOSSD flows
5. Monitoring of global commitments
6. Development effectiveness
7. Communication
8. Policy formulation
9. Summary of key points

1

Introduction to TOSSD data visualisation tool

Introduction to TOSSD data visualisation tool

Overview of main anticipated data users

Recipient countries: Central and line ministries, NSOs, Central Banks

CSOs, think tanks, academics, data analysts

Providers

Specific communities: Blended Finance, people working on refugees, Islamic Finance, South-South Co-operation

Media/Journalists

TOSSD

Introduction to TOSSD data visualisation tool

What is ‘TOSSD.online’ and how to use it?

What is TOSSD.online?

It is the TOSSD data visualisation tool. It allows easy access to TOSSD data in a powerful, easy to use manner. Users can filter the data, produce alternate visualisations, download charts, and export the activity-level data with all the available details.

www.tossd.online

How to use TOSSD.online in 7 steps?

1. Select relevant filters [Pillar, recipient country (click on “Action to filter by country or region), sector, year]
2. Click on “Apply selection”
3. Select the data visualisation chart by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets
4. Click on “Browse activities”
5. Click on “Export activities” and download in excel, pdf or xml
6. Click on “Action” and “reset filters” or “see my selection”
7. Click on “TOSSD.org main site” and “About”

TOSSD

Introduction to TOSSD data

Overview of TOSSD data fields

Identification Data

1. Reporting year
2. Provider country/institution
3. Provider agency
4. Provider project ID number
5. TOSSD ID Number

See the Reporting Instructions, the TOSSD data form and the code lists.

https://www.tossd.org/docs/reporting-instructions.pdf

https://www.tossd.org/docs/data-form.xls

https://www.tossd.org/docs/tossd-codes.xlsx

Basic data

6. TOSSD recipient
7. Project title
8. Project description
9. External link
10a. SDG focus
10b. Keywords

11. Sector
12. Channel of delivery
13. Channel name
14. Modality
15. Financial instrument
16. Financing arrangement
17. Framework of collaboration
18. TOSSD Pillar

Volume data

19. Currency
20. Amount committed
21. Amount disbursed
22. Reflows to the provider
23. Amount mobilised

For in-kind technical co-operation only
24. Salary cost
For loans only
25. Concessionality
26. Maturity
For mobilisation only
27. Leveraging mechanism
28. Origin of the funds mobilised

TOSSD

Step 1

1. Select relevant filters (pillar, recipient country, sector, year).

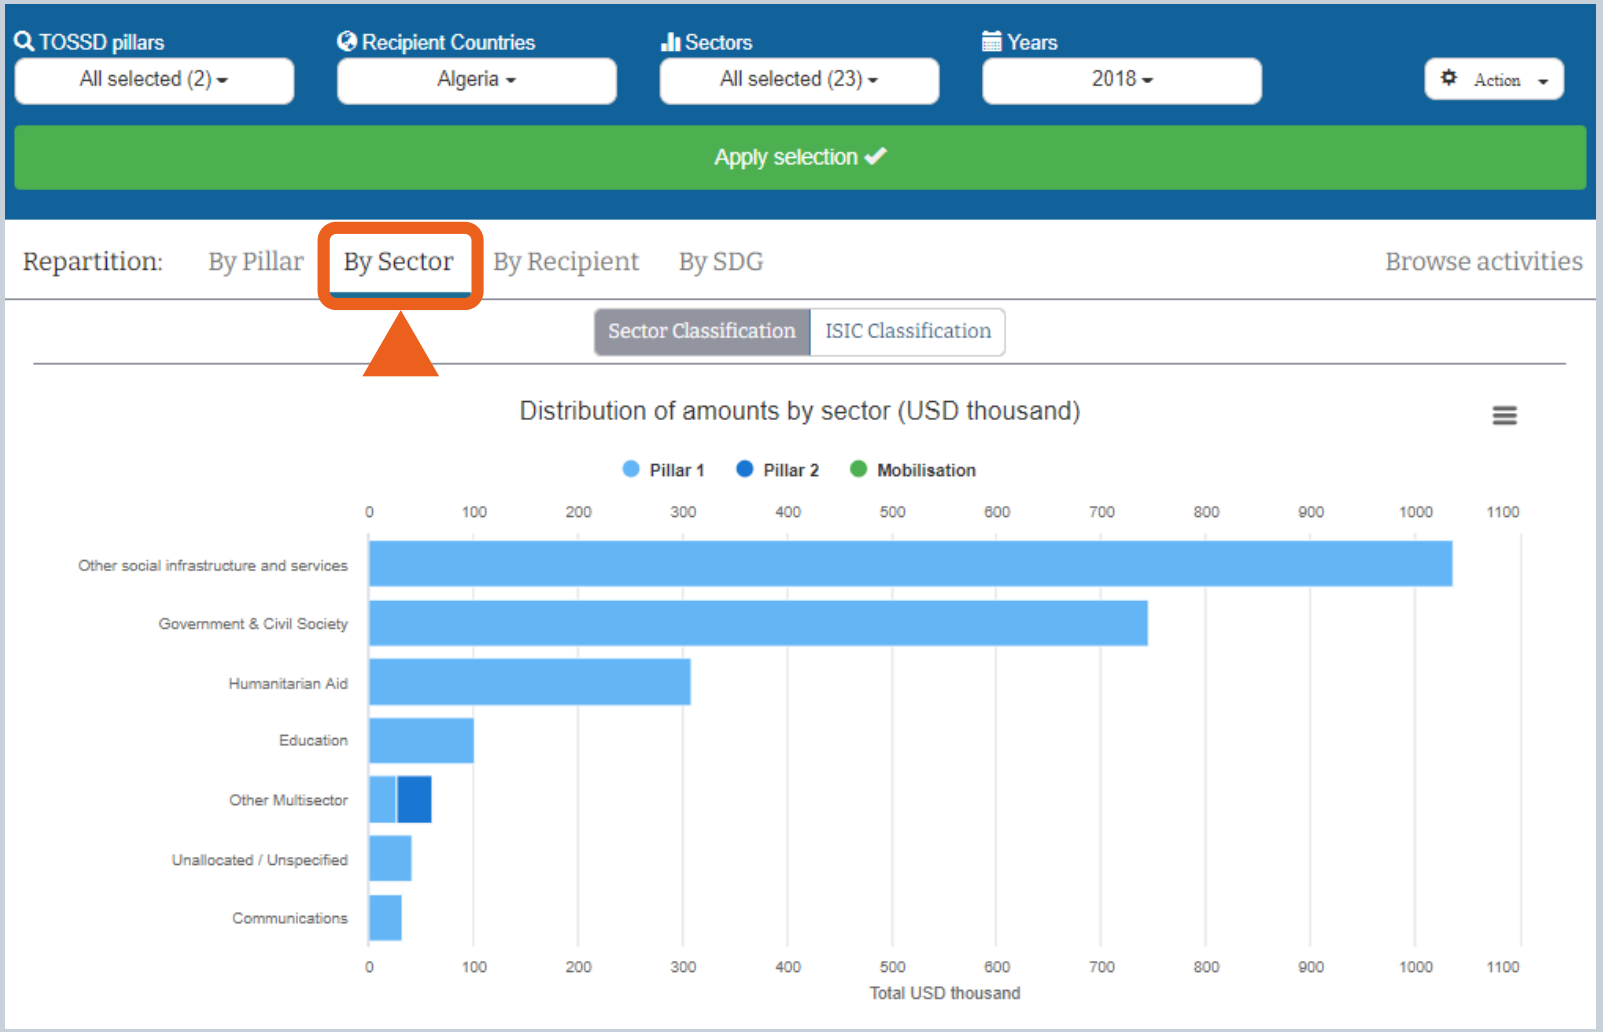
Step 2

2. Apply selection: All activities for Algeria in 2018 for all pillars and sectors.

Step 3

3. Use the data visualisation by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets.

Example: distribution by sector



Step 3

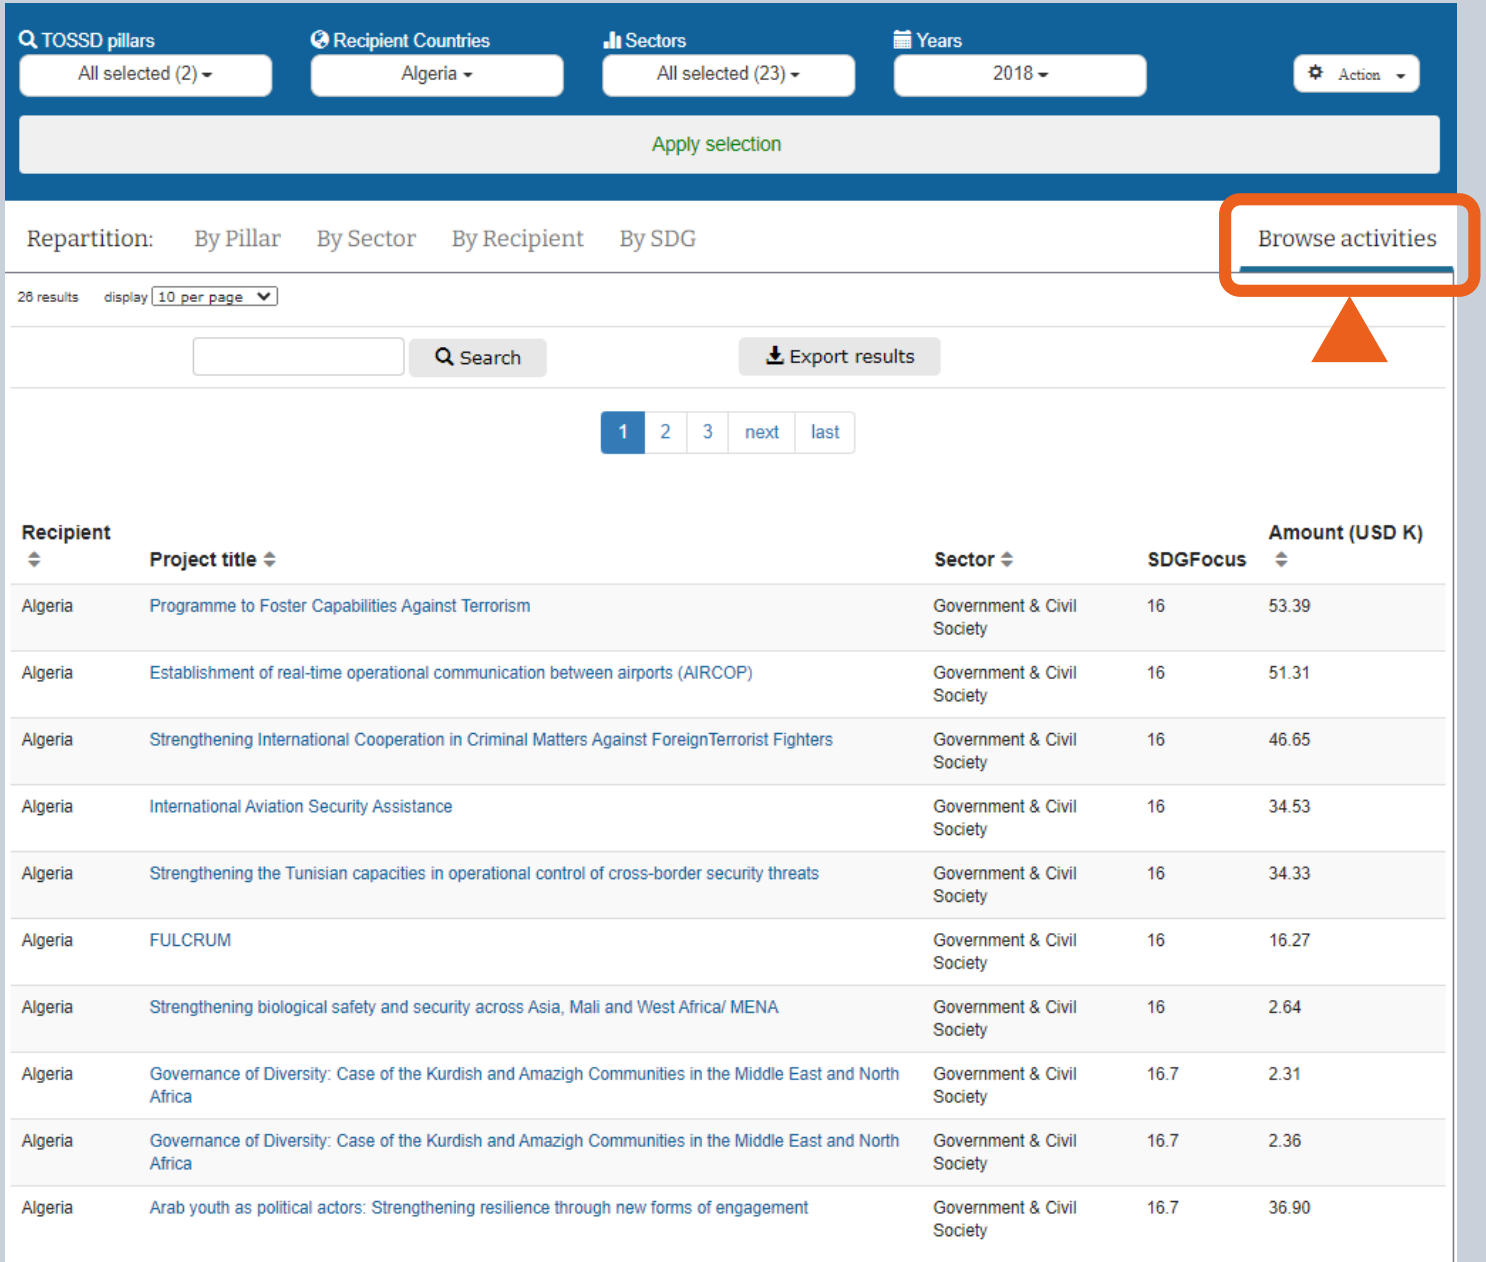
3. Use the data visualisation by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets.

Example: breakdown by SDG

Introduction to TOSSD data visualisation tool

Step 4

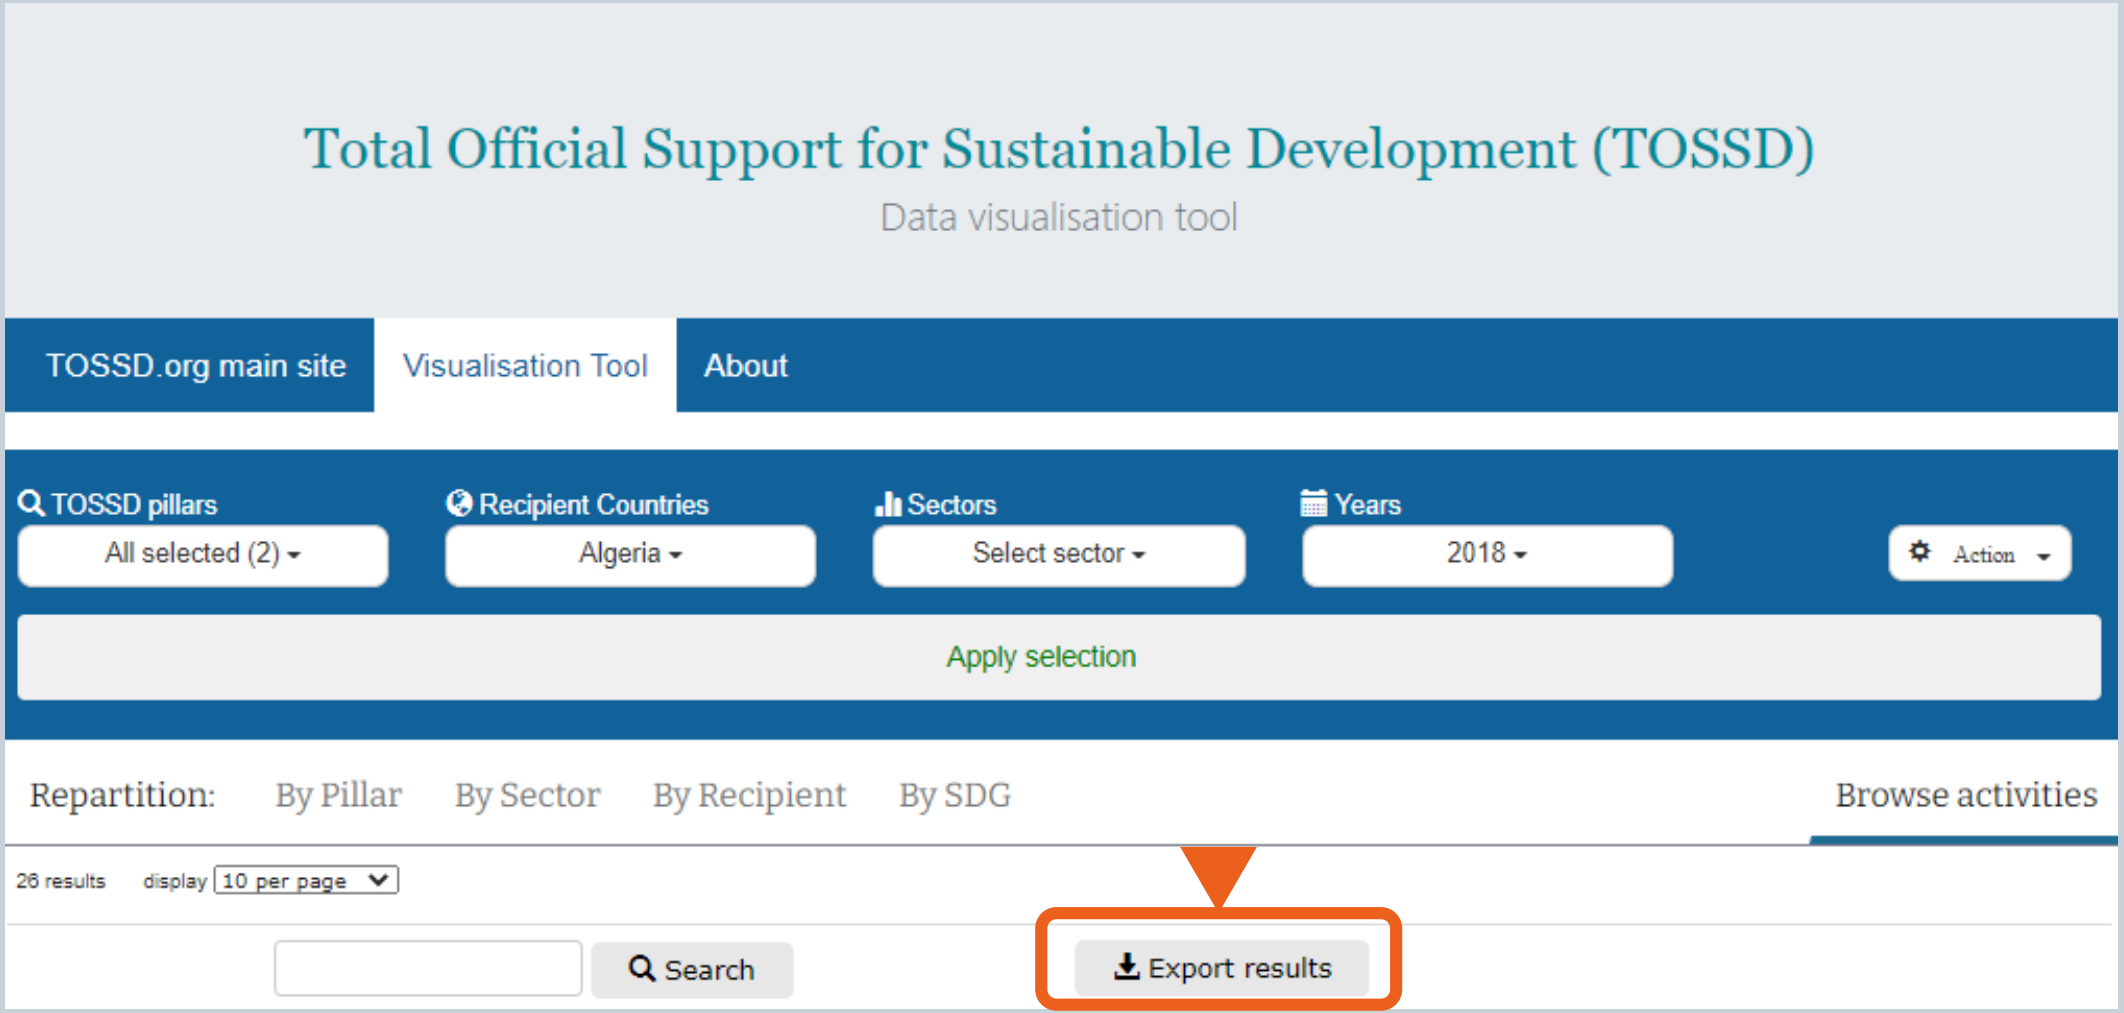
4. Browse activities.



Recipient	Project title	Sector	SDGFocus	Amount (USD K)
Algeria	Programme to Foster Capabilities Against Terrorism	Government & Civil Society	16	53.39
Algeria	Establishment of real-time operational communication between airports (AIRCOP)	Government & Civil Society	16	51.31
Algeria	Strengthening International Cooperation in Criminal Matters Against ForeignTerrorist Fighters	Government & Civil Society	16	46.65
Algeria	International Aviation Security Assistance	Government & Civil Society	16	34.53
Algeria	Strengthening the Tunisian capacities in operational control of cross-border security threats	Government & Civil Society	16	34.33
Algeria	FULCRUM	Government & Civil Society	16	16.27
Algeria	Strengthening biological safety and security across Asia, Mali and West Africa/ MENA	Government & Civil Society	16	2.64
Algeria	Governance of Diversity: Case of the Kurdish and Amazigh Communities in the Middle East and North Africa	Government & Civil Society	16.7	2.31
Algeria	Governance of Diversity: Case of the Kurdish and Amazigh Communities in the Middle East and North Africa	Government & Civil Society	16.7	2.36
Algeria	Arab youth as political actors: Strengthening resilience through new forms of engagement	Government & Civil Society	16.7	36.90

Step 5

5. Export activities as Excel, CSV or XML file.



Introduction to TOSSD data visualisation tool

Step 5

Example of an exported dataset

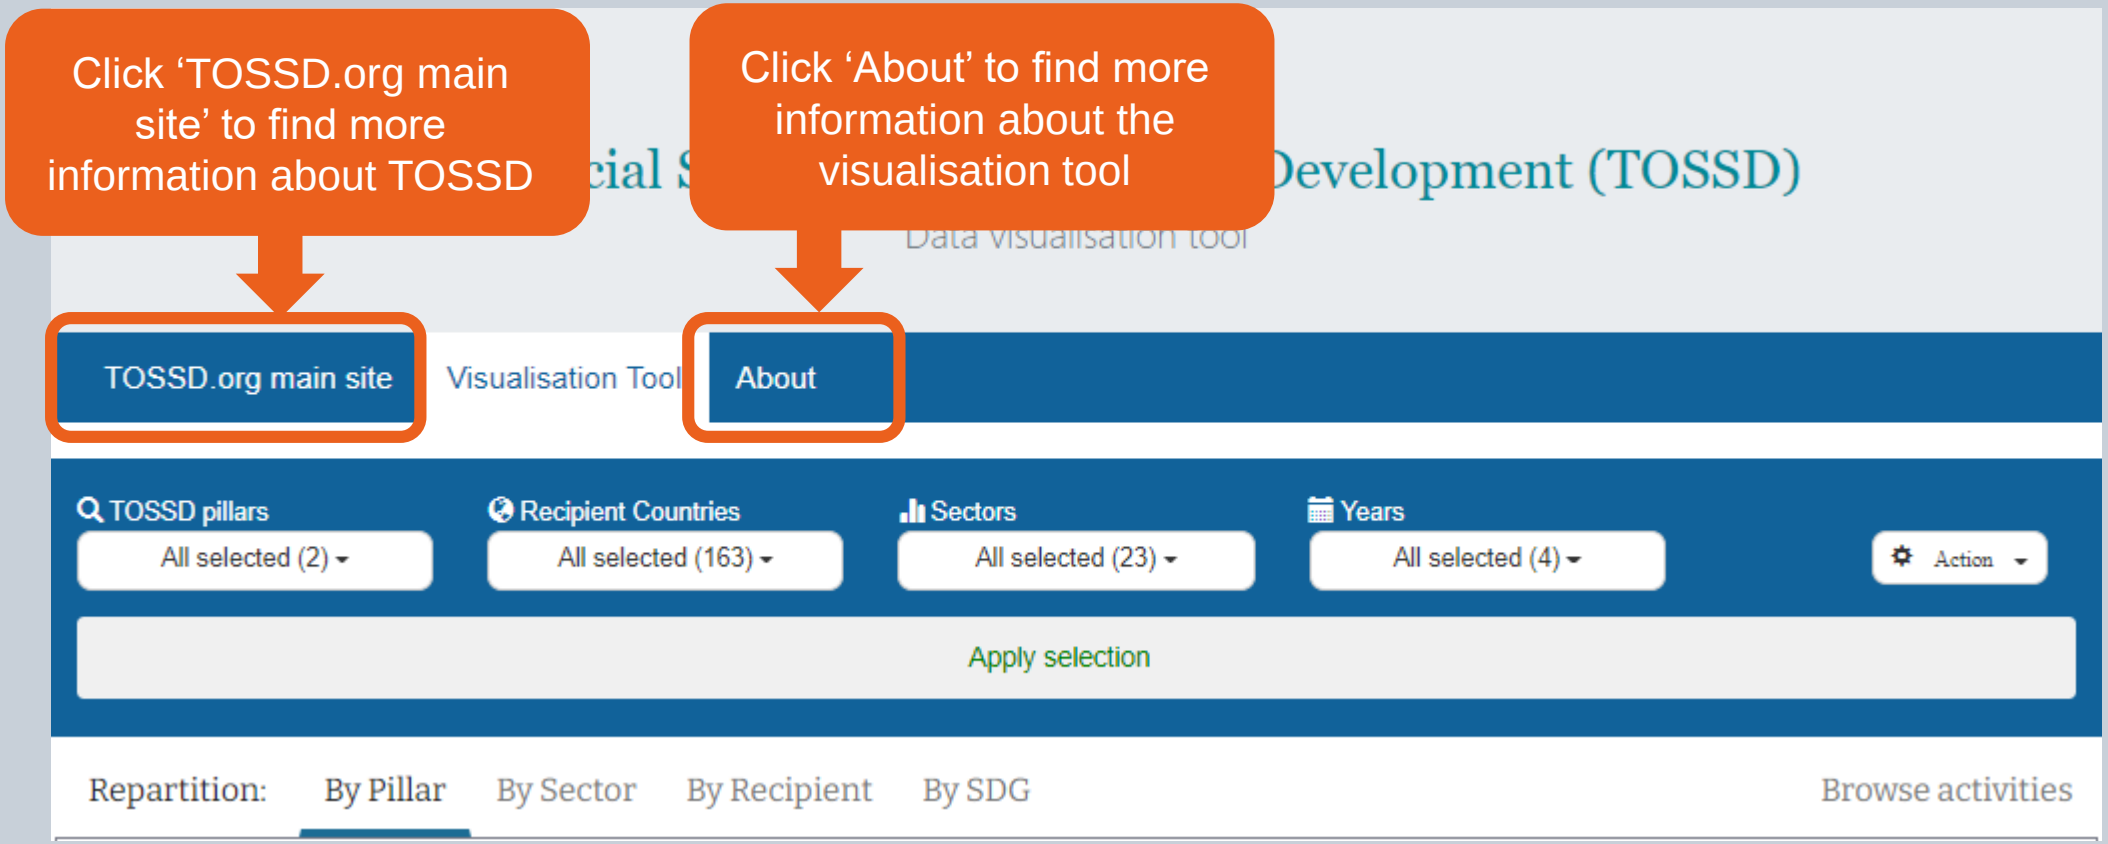
Step 6

6. Reset all filters or see my selection.

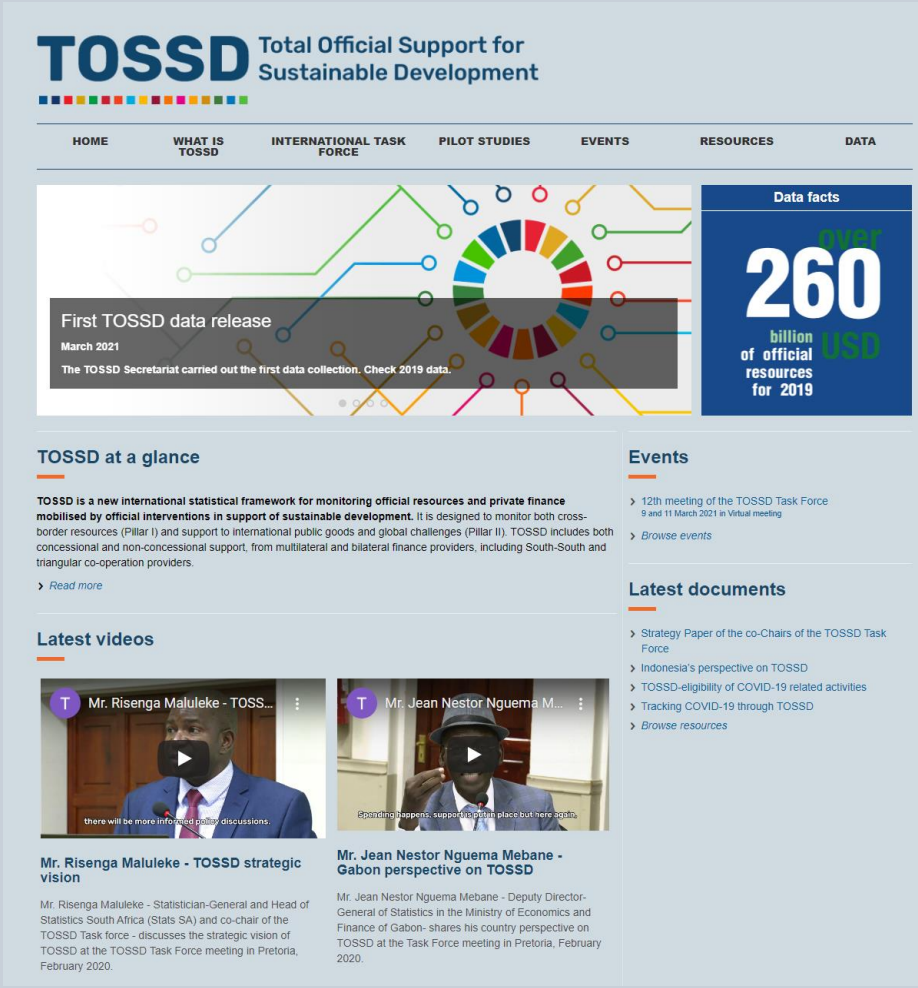
Step 7

7. Find more information about TOSSD and the visualisation tool.



Introduction to the TOSSD data visualisation tool

The TOSSD.org main site



Questions & answers

Any questions?

2

Development planning

Development planning

Use cases for development planning

TOSSD data can be used to:

1

Better understand the financing landscape for a given country and inform the Integrated National Financing Frameworks

2

Compare countries

3

Donor coordination

TOSSD

Development planning

Better understand the financing landscape for a given country

How to use TOSSD data

- Find detailed information for a given country.
- Identify possible financing gaps.

How to use TOSSD.online

1. Select relevant filters (Pillar, recipient country, sector, year)
2. Click on “Apply selection”
3. Select the data visualisation chart by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets
4. Click on “Browse activities”
5. Click on “Export activities” and download in excel, pdf or xml
6. You are now ready to use and analyse TOSSD data!

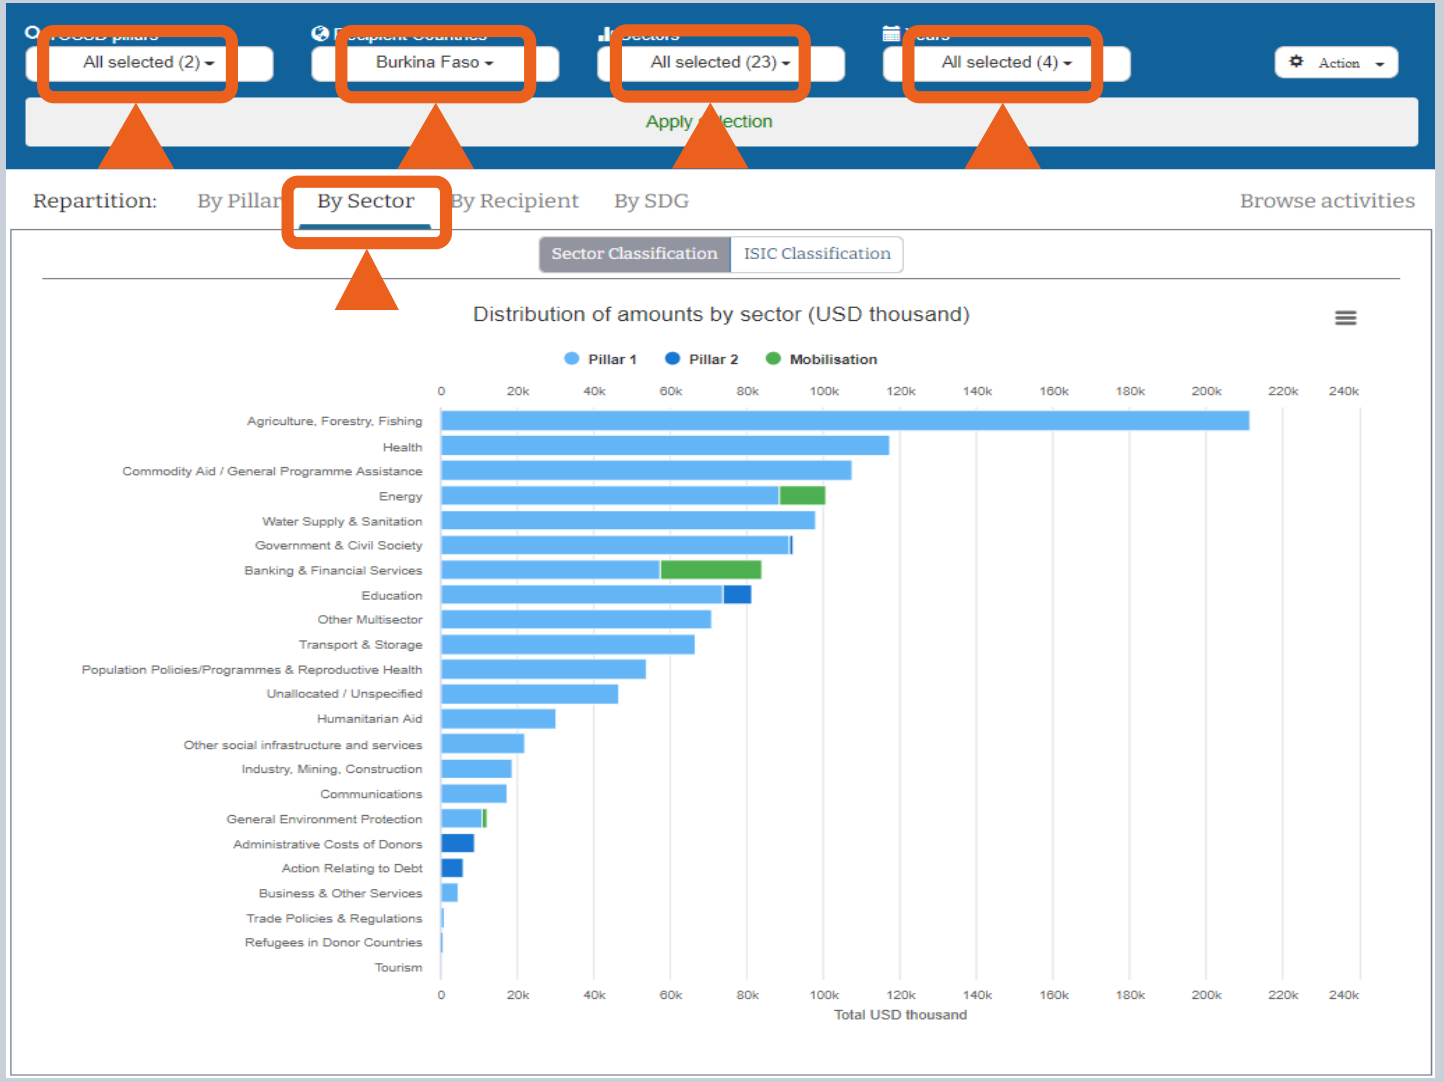
Development planning

Better understand the financing landscape for a given country and mobilise additional resources

Example: How to understand the financing landscape of a sector in Burkina Faso

1. Select relevant filters: all pillars, Burkina Faso as a recipient country, all sectors and all years.
2. Use the data visualisation to view the breakdown by sector to get an overview.

Outcome: more resources are targeted to agriculture, forestry and fishing. If financing needs are also available at country level, TOSSD data can be used to carry out a financing gap analysis by sector.

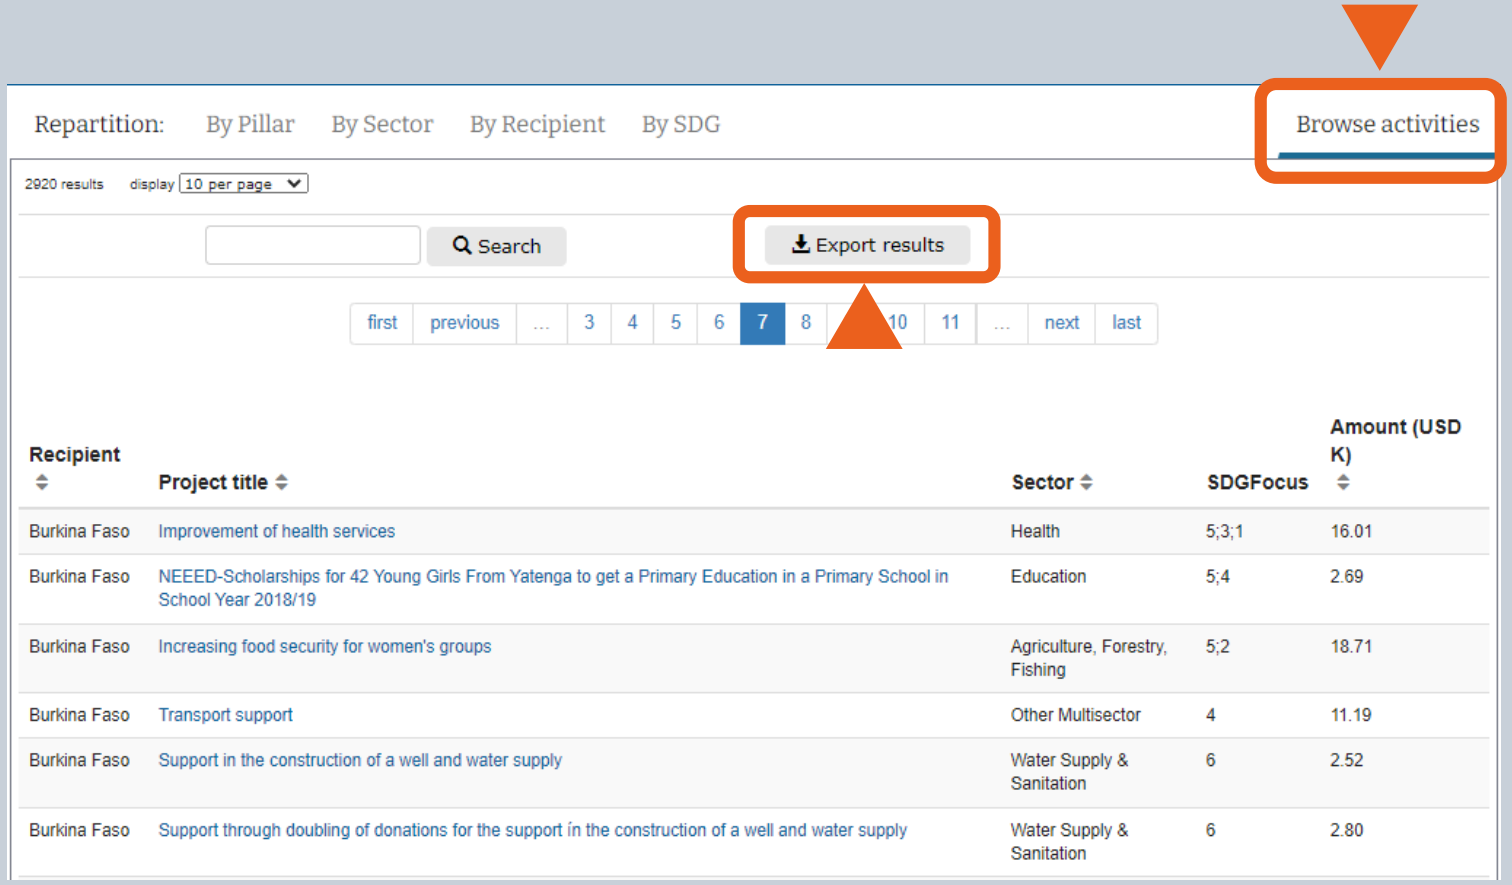


Development planning

Better understand the financing landscape for a given country

Example: How to understand the financing landscape of a sector in Burkina Faso

3. For more details, browse activities in the data visualisation tool, or export the results of your query, e.g. in Excel.



Recipient	Project title	Sector	SDGFocus	Amount (USD K)
Burkina Faso	Improvement of health services	Health	5;3;1	16.01
Burkina Faso	NEEED-Scholarships for 42 Young Girls From Yatenga to get a Primary Education in a Primary School in School Year 2018/19	Education	5;4	2.69
Burkina Faso	Increasing food security for women's groups	Agriculture, Forestry, Fishing	5;2	18.71
Burkina Faso	Transport support	Other Multisector	4	11.19
Burkina Faso	Support in the construction of a well and water supply	Water Supply & Sanitation	6	2.52
Burkina Faso	Support through doubling of donations for the support ín the construction of a well and water supply	Water Supply & Sanitation	6	2.80

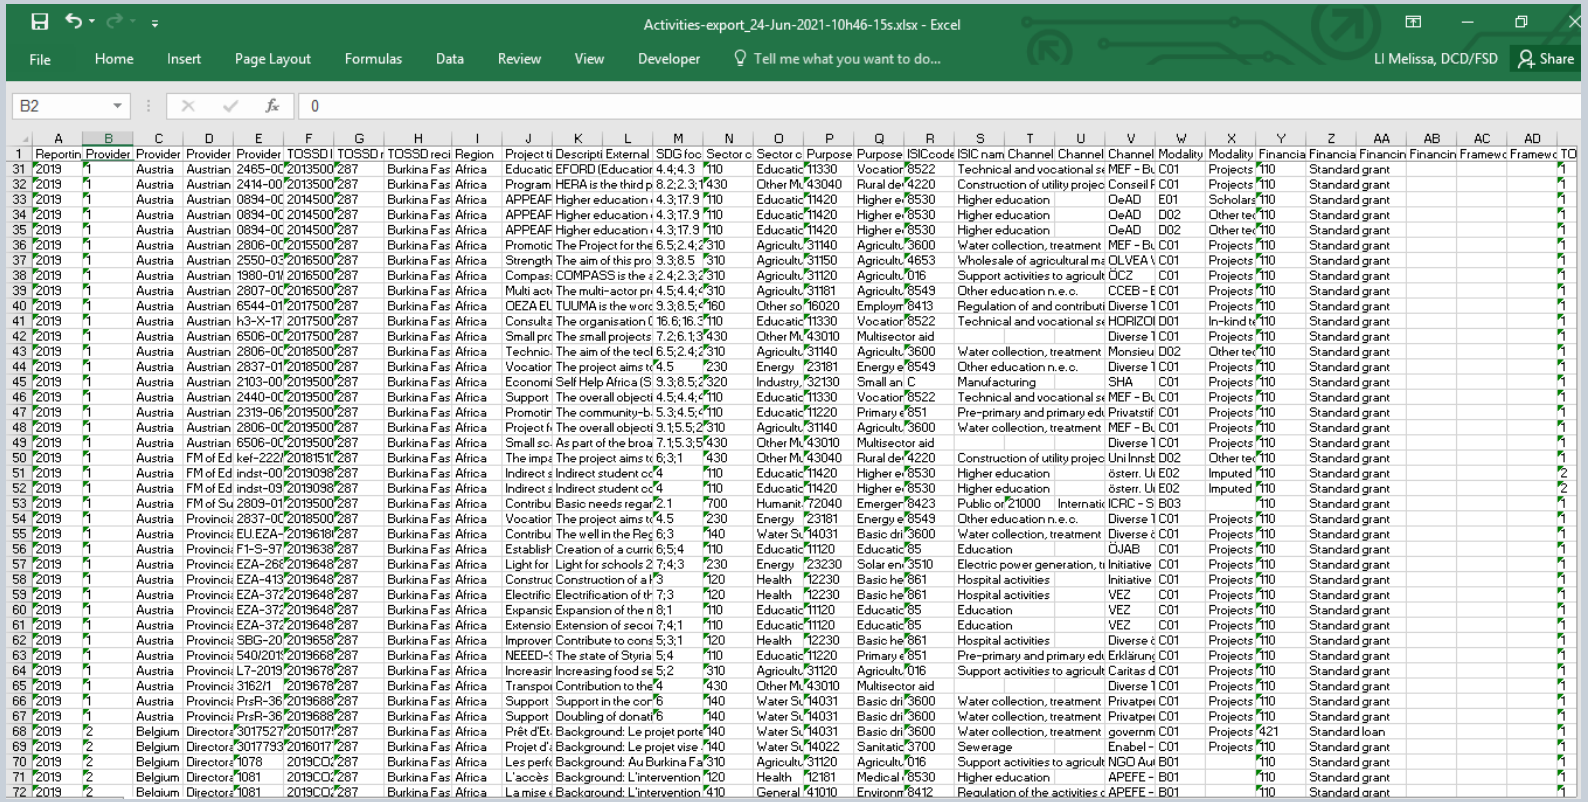
TOSSD

Development planning

Better understand the financing landscape for a given country

Example: How to understand the financing landscape of a sector in Burkina Faso

4. Use the data in the Excel sheet to conduct further analysis, e.g. with the help of Pivot tables.



Pivot Tables in Excel are a helpful function to analyse data. Microsoft offers free trainings on how to use this function.

https://support.microsoft.com/en-us/office/excel-video-training-9bc05390-e94c-46af-a5b3-d7c22f6990bb

TOSSD

Only for recipient countries

Development planning

Compare your country to others

How to use TOSSD data

- Compare your own development finance data with TOSSD data for other countries.
- Identify potential providers intervening in another country and that could support your country
- Identify how financing packages are put together (e.g. blended finance) or how specific instruments are used (e.g. in which sectors guarantees are used)
- Identify possible data gaps in your development finance statistics.
- Fill data gaps in your development finance statistics.

How to use TOSSD.online

1. Select relevant filters (pillar, recipient country, sector, year)
2. Click on “Apply selection”
3. Select the data visualisation chart by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets
4. Click on “Browse activities”
5. Click on “Export activities” and download in excel, pdf or xml
6. You are now ready to use and analyse TOSSD data!

TOSSD

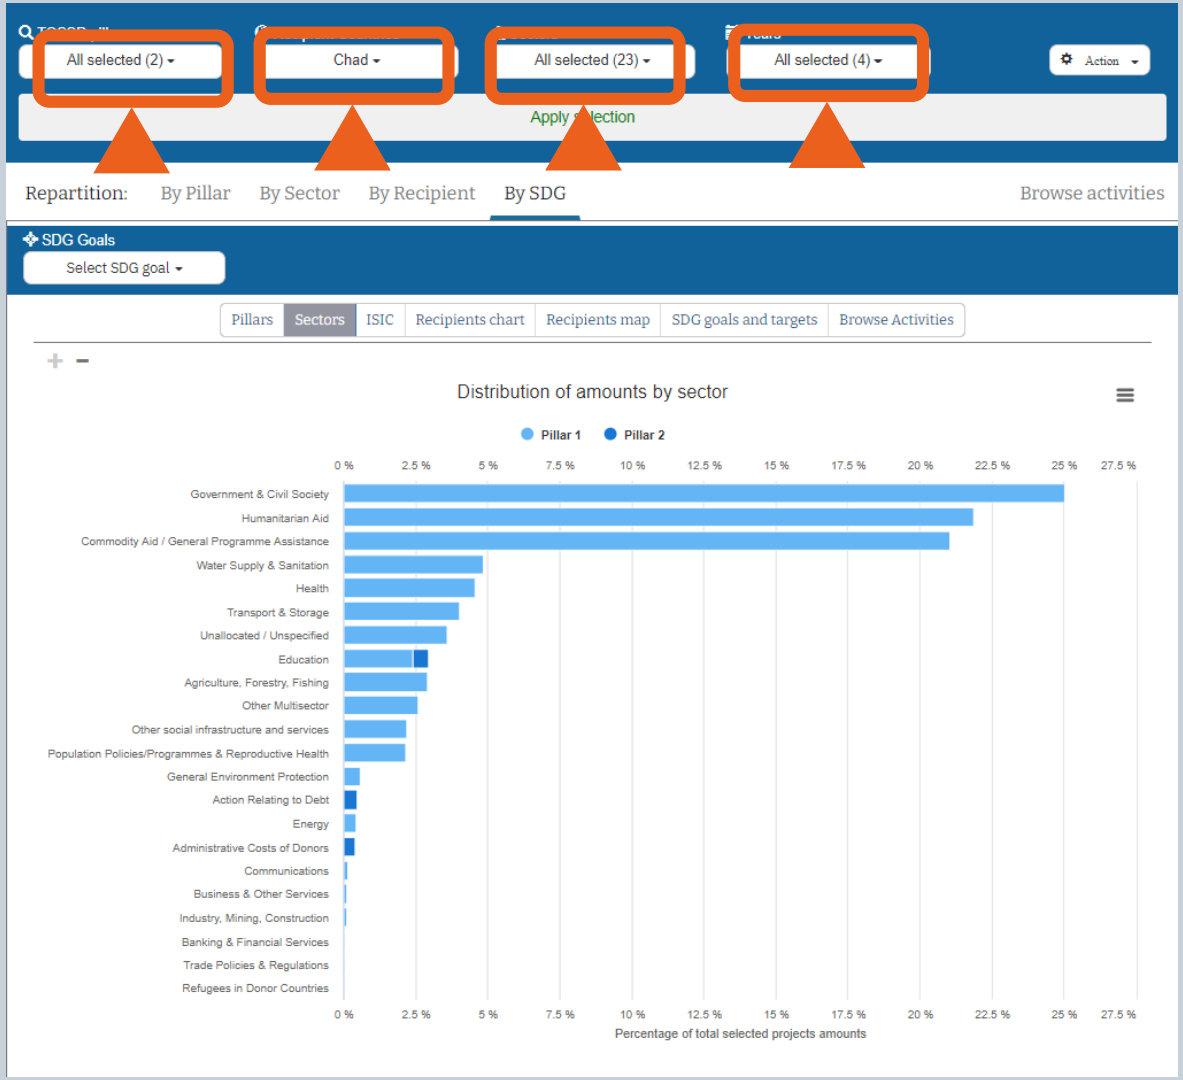
Only for recipient countries

Development planning

Compare your country to others

Example: What could Burkina Faso learn from Chad, given that they are both Sahelian and landlocked countries as well as countries affected by conflicts?

1. Select relevant filters: all pillars, Chad as recipient country, all sectors and all years.
2. Use the data visualisation to view the breakdown by e.g. sector to get an overview.



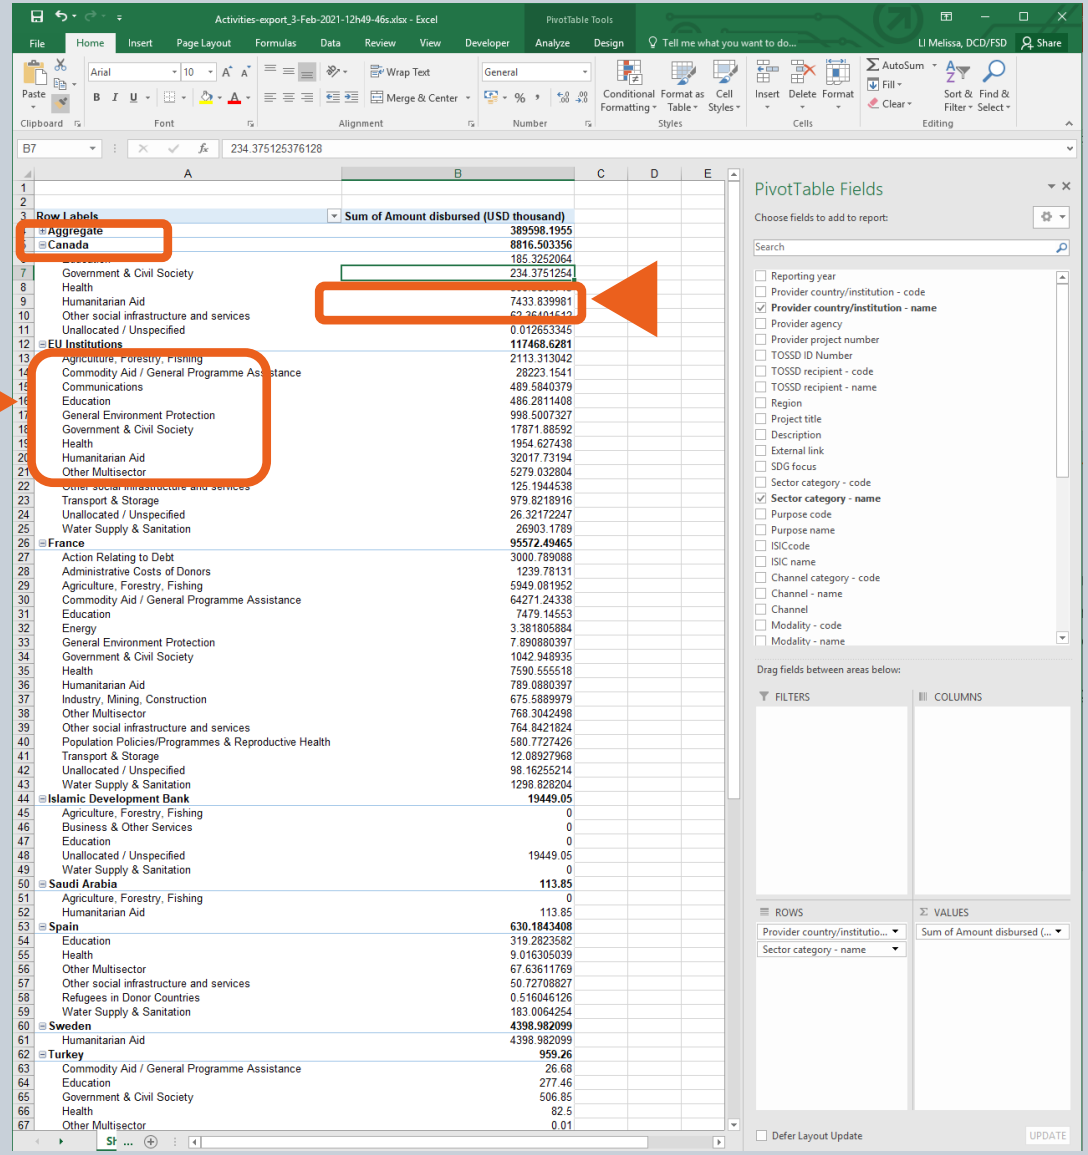
Only for recipient countries

Development planning

Compare your country to others

Example: What could Burkina Faso learn from Chad, given that they are both Sahelian and landlocked countries as well as countries affected by conflicts?

3. To identify new providers, export the results from the query. In Excel, you can use Pivot Tables to e.g. identify the **providers** that contribute to sustainable development in Chad, what **sectors** they target and how much **resources** they spent.



Outcome: Depending on the needs of Burkina Faso, the country could contact relevant provider countries.

TOSSD

Development planning

Donor coordination

How to use TOSSD data

- Find out where, in which sectors and what type of projects donors are putting their efforts.
- Use this information to improve donor coordination.

How to use TOSSD.online

1. Select relevant filters (pillar, recipient country, sector, year)
2. Click on “Apply selection”
3. Select the data visualisation chart by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets
4. Click on “Browse activities”
5. Click on “Export activities” and download in excel, pdf or xml
6. You are now ready to use and analyse TOSSD data!

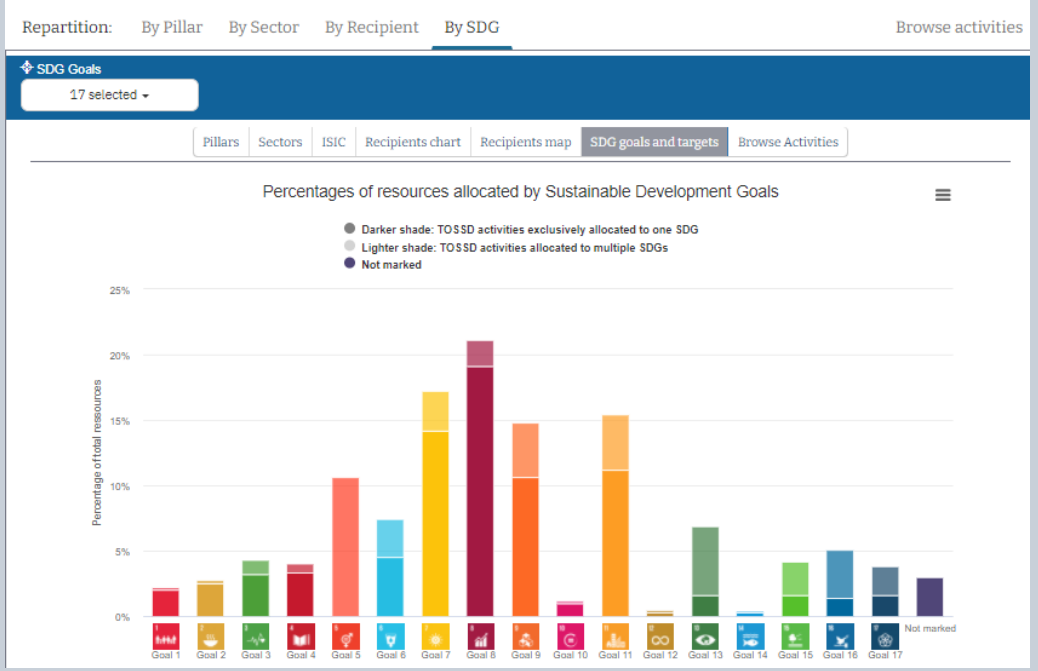
Development planning

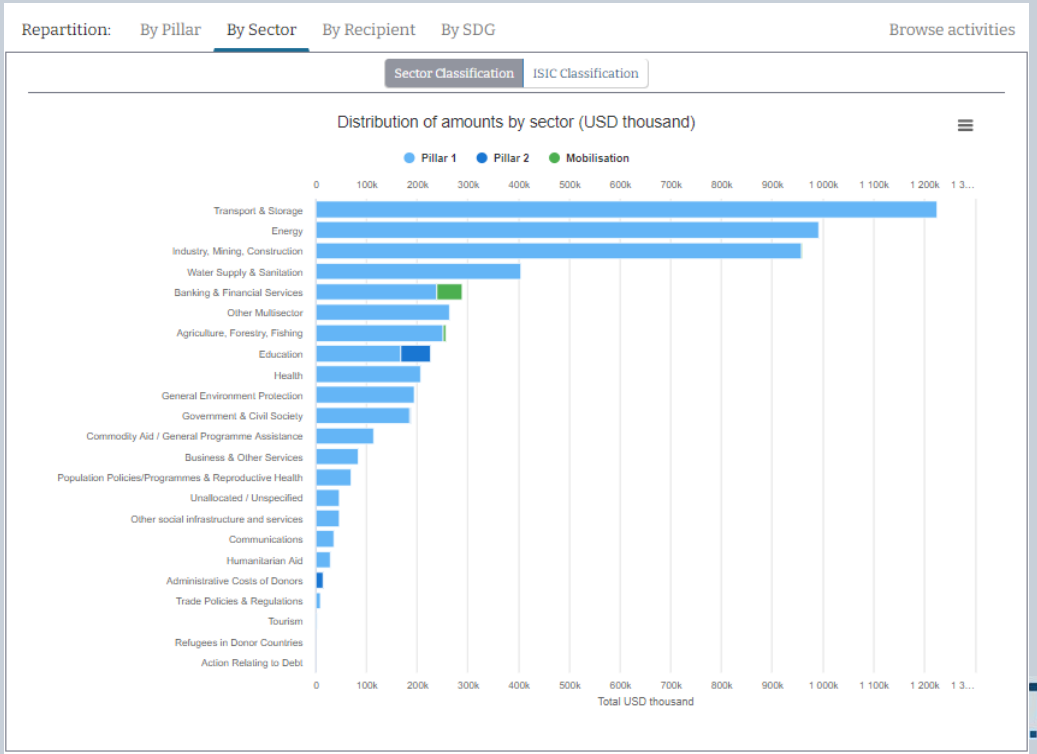
Donor coordination

How can TOSSD data support donor coordination in Viet Nam in the government & civil society sector?

1. Select relevant filters: all pillars, Viet Nam as recipient country, all sectors and all years.
2. Use the data visualisation to view the breakdown by e.g. SDG and sector to get an overview.

Findings: Donors especially contribute to SDG goals 8 and 7. In terms of sectors, donors focus on transport & storage and energy. Government & civil society does not seem to belong to the main priorities.





TOSSD

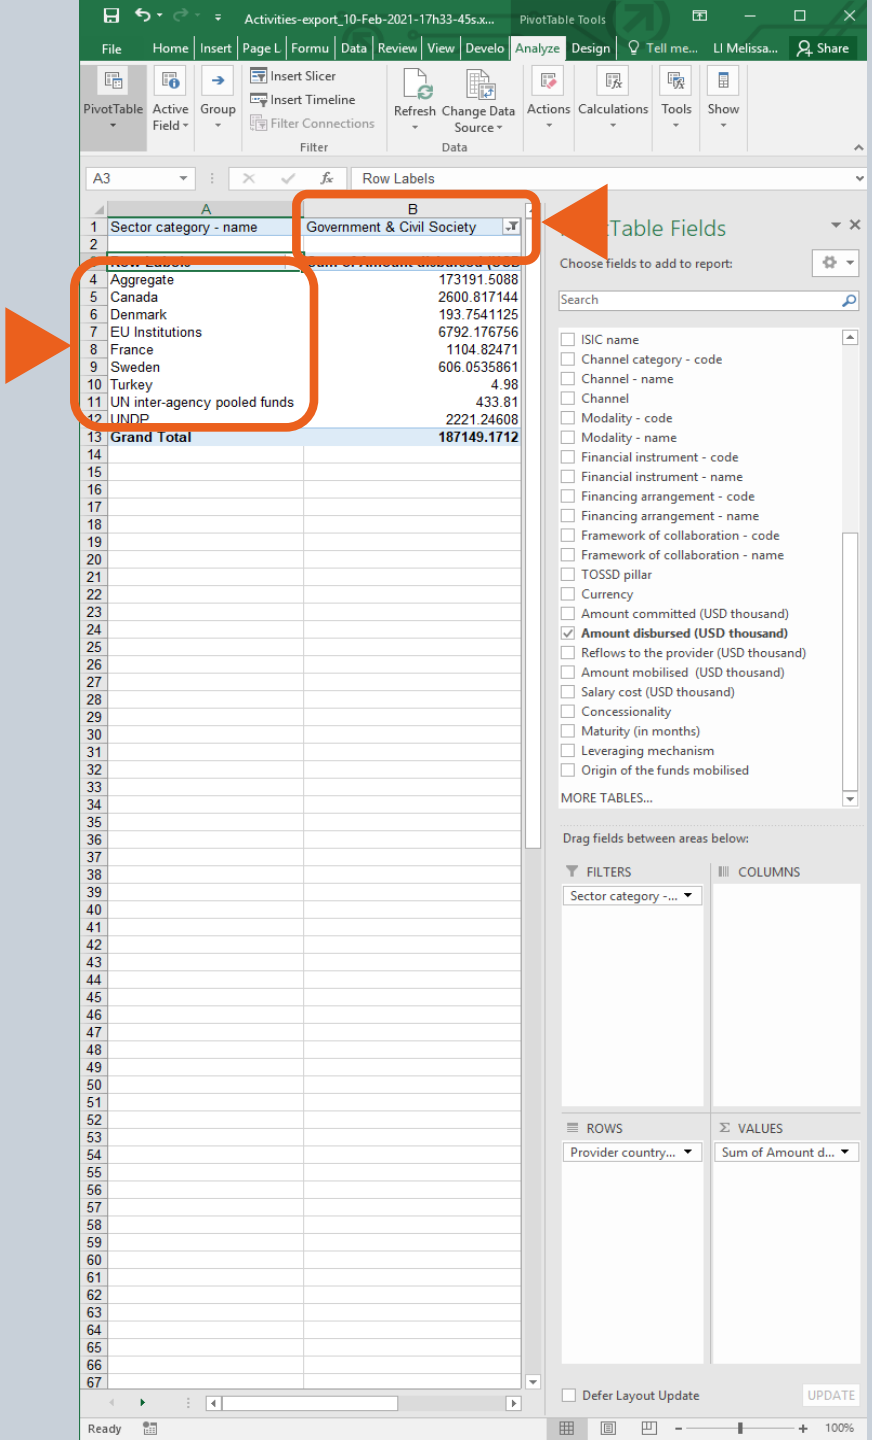
Development planning

Donor coordination

How can TOSSD data support donor coordination in Viet Nam in the government & civil society sector?

3. To explore donor activities in more detail, export the results of your query, e.g. in Excel. In Excel, you can use Pivot Tables to e.g. identify the **providers** that contribute to sustainable development in Viet Nam, what **sectors** they target and how much **resources** they spent.

Outcome: Viet Nam can identify potential duplication of providers' support in this sector. The country could further examine this in a sector coordination group.



Development planning

TOSSD as a critical input for INFFs

- **Definition of Integrated National Financing Framework (INFFs):** A comprehensive framework **mapping** the landscape for financing sustainable development at country-level (**with TOSSD data as a crucial input**) and laying out a **financing strategy** to implement targeted policies and reforms in order to reach the SDGs.

Source: UN DESA

TOSSD is a critical input for the assessment and diagnostics phase.

For more information, see the INFF website : https://inff.org/

3

SDG monitoring

SDG monitoring

Make sure development co-operation is aligned with recipient countries' priorities for sustainable development

How to use TOSSD data

- Identify recipient countries' priorities for sustainable development, e.g. in a dedicated strategy.
- Identify providers' priorities for certain SDG goals and targets.
- Compare provider and recipient countries' priorities and identify funding gaps.
- Consult with provider countries to re-align development co-operation.

How to use TOSSD.online

1. Select relevant filters (pillar, recipient country, sector, year)
2. Click on "Apply selection"
3. Select the data visualisation chart by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets
4. Click on "Browse activities"
5. Click on "Export activities" and download in excel, pdf or xml
6. You are now ready to use and analyse TOSSD data!

TOSSD

SDG monitoring

Make sure development co-operation is aligned with recipient countries' priorities for sustainable development

Identify recipient countries' priorities for sustainable development

Example: Bangladesh

- Bangladesh defined its 39 + 1 priority indicators.

Which SDG goals and targets do providers support in Bangladesh?

39+1 INDICATORS

SDG 1 : End poverty in all its forms everywhere

> **NPI 1** Reduce the proportion of population living below extreme poverty line below 3% (SDG Indicator 1.2.1)
> **NPI 2** Reduce the proportion of population living below national poverty line below 10% (SDG Indicator 1.2.1)

SDG 2 : End hunger, achieve food security and improved nutrition and promote sustainable agriculture

> **NPI 3** Reduce the prevalence of stunting among children under 5 years of age to 12% (SDG Indicator 2.2.1)
> **NPI 4** Ensure the proportion of cultivable land at a minimum of 55% of the total land area

SDG 3 : Ensure healthy lives and promote well-being for all at all ages

> **NPI 5** Reduce neonatal mortality rate to 12 per 1,000 live births (SDG Indicator 3.2.2)
> **NPI 6** Reduce under-5 mortality rate to 25 per 1,000 live births (SDG Indicator 3.2.1)
> **NPI 7** Reduce the maternal mortality ratio to 70 per 100,000 live births (SDG Indicator 3.1.1)
> **NPI 8** Reduce death rate due to road traffic injuries to 1.2 per 100,000 people (SDG Indicator 3.6.1)

SDG 4 : Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

> **NPI 9** Ensure 100% completion rate of primary education
> **NPI 10** Ensure 100% completion rate of junior secondary education
> **NPI 11** Ensure the proportion of students in technical level above 20% to the total students passed every year in the secondary education (SSC, Dakhil, and Vocational)
> **NPI 12** Ensure the proportion of schools by 100% with access to the following: A. Electricity B. Internet C. Basic drinking water D. Single-sex basic sanitation facilities (SDG Indicator 4.a.1)
> **NPI 13** Ensure the proportion of schools by 100% with access to adapted infrastructure and materials for the child/ students with disability (SDG Indicator 4.a.1)

SDG 5 : Achieve gender equality and empower all women and girls

> **NPI 14** Reduce the proportion of women aged 20-24 years who were married before age 15 to zero (SDG Indicator 5.3.1)
> **NPI 15** Reduce the proportion of women aged 20-24 years who were married before age 18 to 10% (SDG Indicator 5.3.1)
> **NPI 16** Increase the female labor force participation rate to 50%

SDG 6 : Ensure availability and sustainable management of water and sanitation for all

> **NPI 17** Ensure 100% population using safely managed drinking water services (SDG Indicator 6.1.1)
> **NPI 18** Ensure 100% population using safely managed sanitation services (SDG Indicator 6.2.1)

SDG 7 : Ensure access to affordable, reliable, sustainable and modern energy for all

> **NPI 19** Ensure access to electricity for 100% population (SDG Indicator 7.1.1)
> **NPI 20** Increase renewable energy share in total final energy consumption to 10% (SDG Indicator 7.2.1)

TOSSD

SDG monitoring

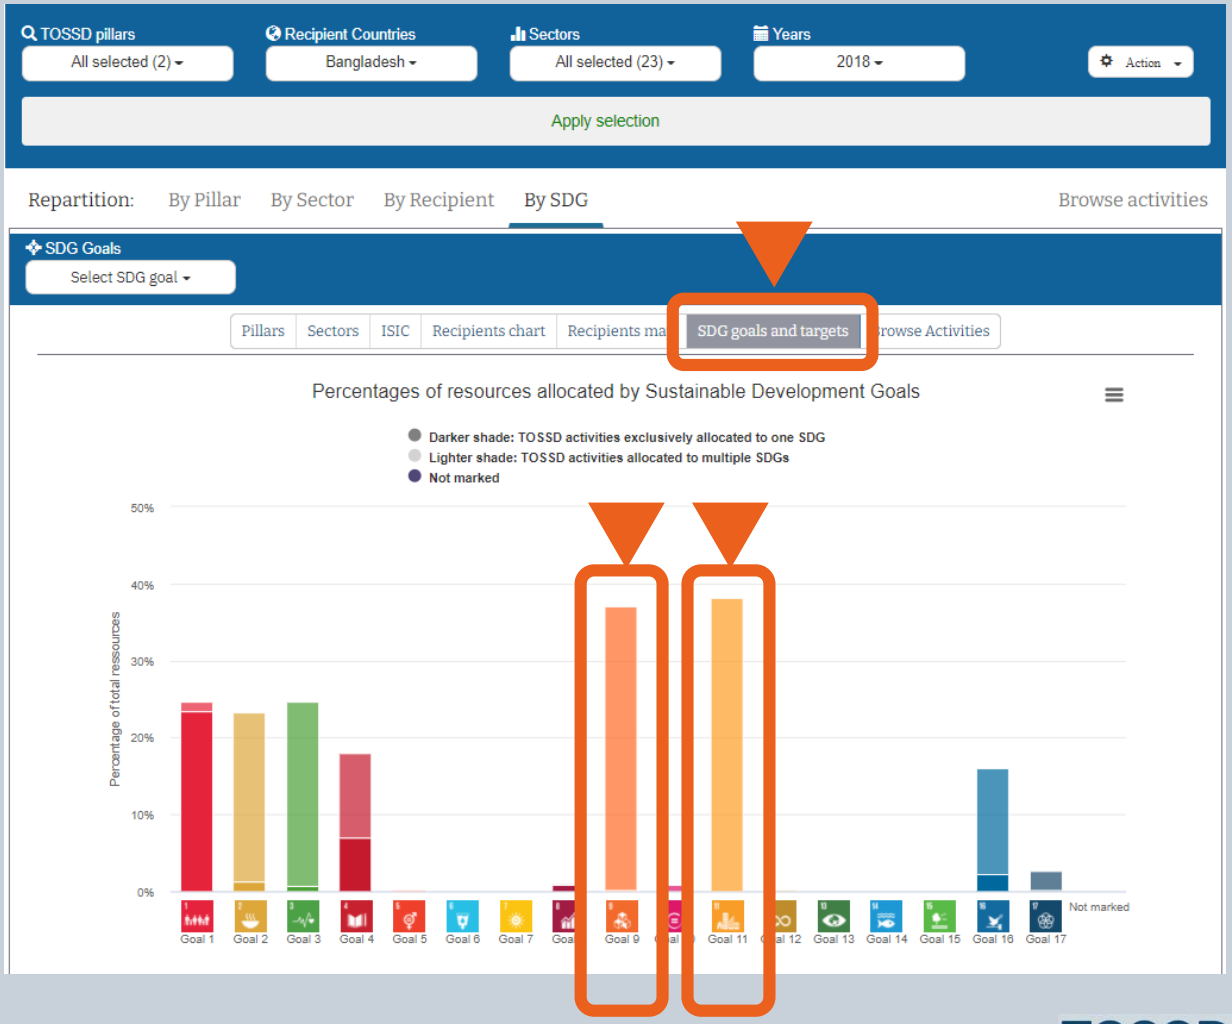
Make sure development co-operation is aligned with recipient countries' priorities for sustainable development

Identify the various SDG priorities of providers (1/2)

1. Select relevant filters: all pillars, Bangladesh as recipient country, all sectors and a year.
2. Use the data visualisation to view the breakdown by SDG goal and target.

Findings: Providers prioritise goals 9 and 11.

Which SDG targets do providers focus on in Bangladesh?



SDG monitoring

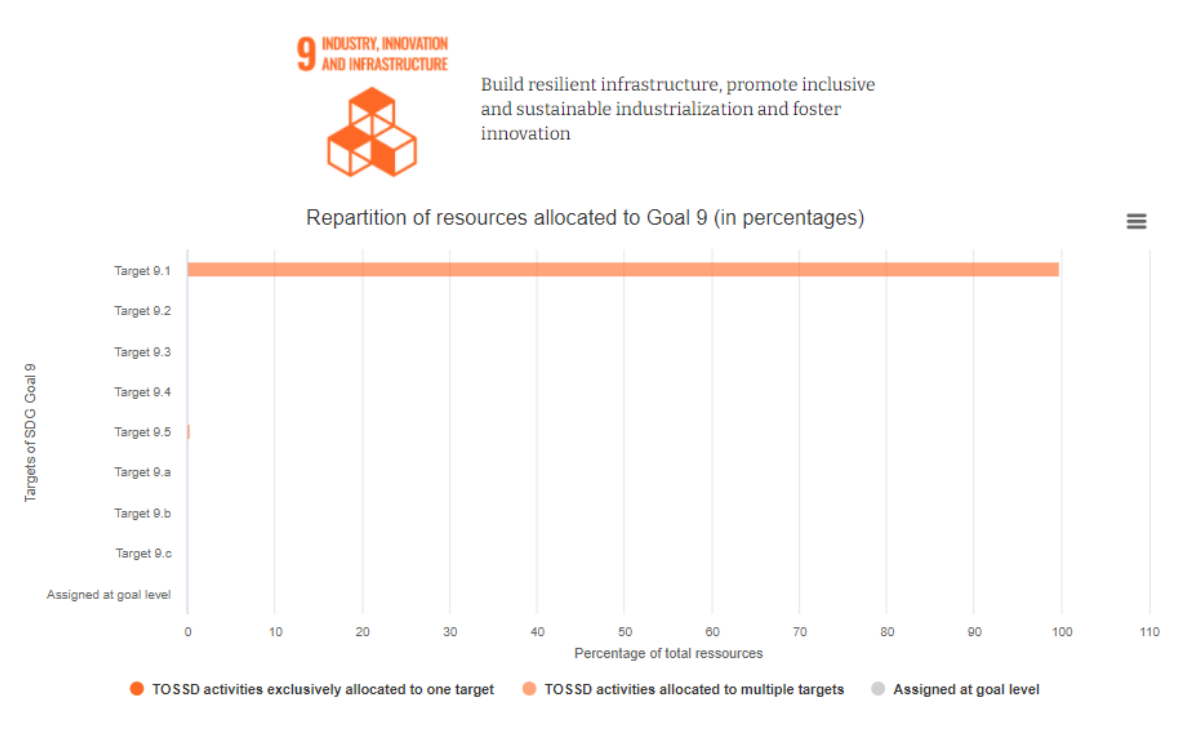
Make sure development co-operation is aligned with recipient countries' priorities for sustainable development

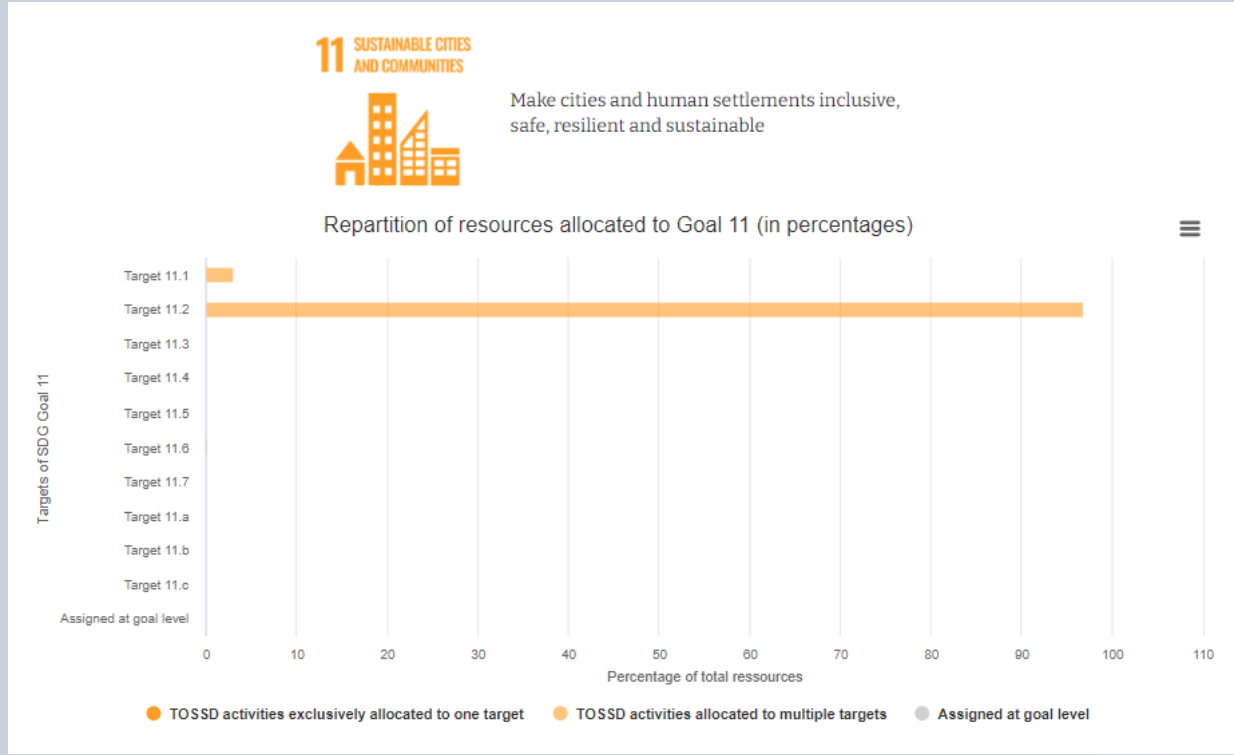
Identify the various SDG priorities of providers (2/2)

Example: Bangladesh

Providers prioritise SDG targets 9.1 and 11.2

Does it match with the country's priorities?





TOSSD

SDG monitoring

Make sure development co-operation is aligned with recipient countries' priorities for sustainable development

Compare priorities and identify funding gaps

Example: Bangladesh

- In its 39+1 priority indicators list
  - Bangladesh prioritises SDG targets 9.1 and 9.2.
  - Bangladesh only prioritises SDG target 11.2.

Providers match Bangladesh's priorities for SDG goals 9 and 11. However, they could also support SDG target 9.2, as the country also selected this as priority.

SDG 9 : Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

> **NPI 24** Ensure 100 percent pucca roads (suitable for all seasons) (SDG Indicator 9.1.1)
> **NPI 25** Increase Industry (manufacturing) value added as a proportion of GDP to 35% (SDG Indicator 9.2.1)
> **NPI 26** Increase manufacturing employment as a proportion of total employment to 25% (SDG Indicator 9.2.2)
> **NPI 27** Increase the number of entrepreneurs ten times in the Information and Communication Technology sector

SDG 11 : Make cities and human settlements inclusive, safe, resilient and sustainable

> **NPI 30** Ensure women, children, elderly and persons with disabilities have convenient access to public transport (minimum 20% seats) (SDG Indicator 11.2.1)

Questions & answers

Any questions?

4

Analysis of TOSSD flows

Analysis of TOSSD flows

Use TOSSD data for more detailed analyses

As TOSSD captures activity-level data, detailed analyses can be made. Examples:

1

Find specific information for a project

2

Analyse the Islamic finance landscape

3

Analyse South-South co-operation activities

4

Analyse Pillar II expenditures

TOSSD

Analysis of TOSSD flows

Find specific information about a project

How to use TOSSD data

- Find specific project information such as project description, the amount of resources, or the channel through which the project was implemented.

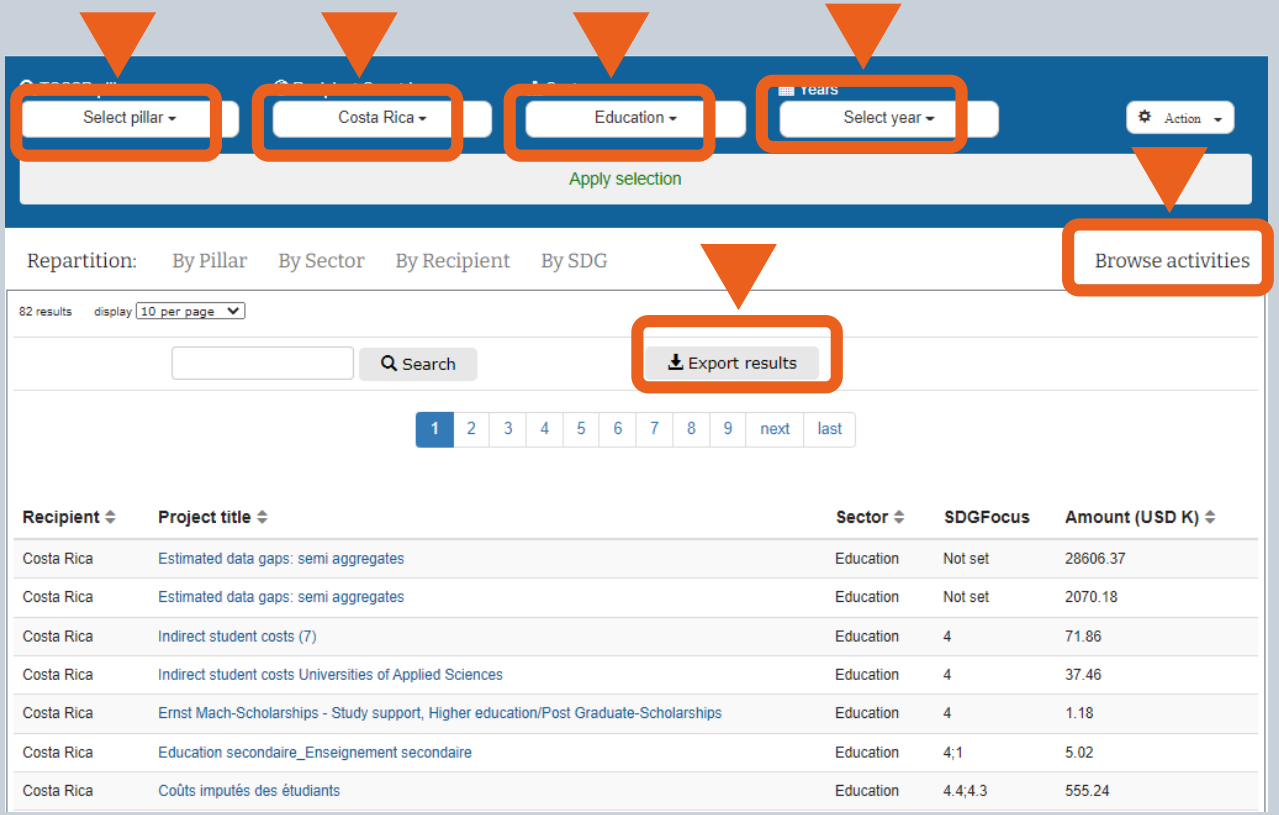
How to use TOSSD.online

1. Select relevant filters (pillar, recipient country, sector, year)
2. Click on “Apply selection”
3. Select the data visualisation chart by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets
4. Click on “Browse activities”
5. Click on “Export activities” and download in excel, pdf or xml
6. You are now ready to use and analyse TOSSD data!

Find specific information about a project

Example: Find specific information about a project in Costa Rica in the education sector.

1. Select relevant filters: all pillars, Costa Rica as recipient country, the education sector and all years.
2. Apply selection, click on “browse activities” and export results, in e.g. Excel.



Analysis of TOSSD flows

Find specific information about a project

Example: Find specific information about a project in Costa Rica in the education sector.

- Review the information for the respective project. As an example, look at the last activity in this table.

Analysis of TOSSD flows

Find specific information about a project

Example: Find specific information about a project in Costa Rica in the education sector.

TOSSD element	Information
Year	2018
Provider country	Canada
Provider agency	Global Affairs Canada
Recipient country	Costa Rica
Project title	Alternatives - IYIP Internships 2018-2021
Description	This project is part of Global Affairs Canada’s International Youth Internship Program (IYIP), funded by the Government of Canada's Youth Employment Strategy. The IYIP is designed to offer Canadian post-secondary graduates the opportunity to gain professional experience in international development. In consortium with the Reseau des carrefours jeunesse-emploi du Quebec, University, TUQ, Ricochet and Funambules M.dias, Alternatives sends 120 interns to 10 countries as part of the ICT Driving Social Change project. Project activities include: setting up a training program on how to use information and communication technology (ICT) as an international development tool for interns; developing and facilitating educational games in math, chemistry and physics; developing an online discussion forum every year to share best practices and tools; practical work with Canadian organizations working in the social communications, ICT, media or digital security sectors; and providing training on communications strategies in support of work on international development (governance, gender equality and environment).
SDG focus	4.1;17.6;16.7;16.1
Purpose	Primary education
Channel	Donor country-based NGO
Modality	In-kind co-operation expert
Amount committed	8.2 million CAD
Amount disbursed	3.9 million CAD

Analysis of TOSSD flows

Analyse Pillar II expenditures

How to use TOSSD data

- Use the information in Pillar II to analyse resources in support of International Public Goods and development enablers, and to address global challenges.

The Task Force developed specific eligibility criteria for Pillar II activities in Research & Development, peace and security, climate change as well as refugees and protected persons. The Task Force will also develop specific eligibility criteria for new areas based on evidence provided by the data collected from providers.

How to use TOSSD.online

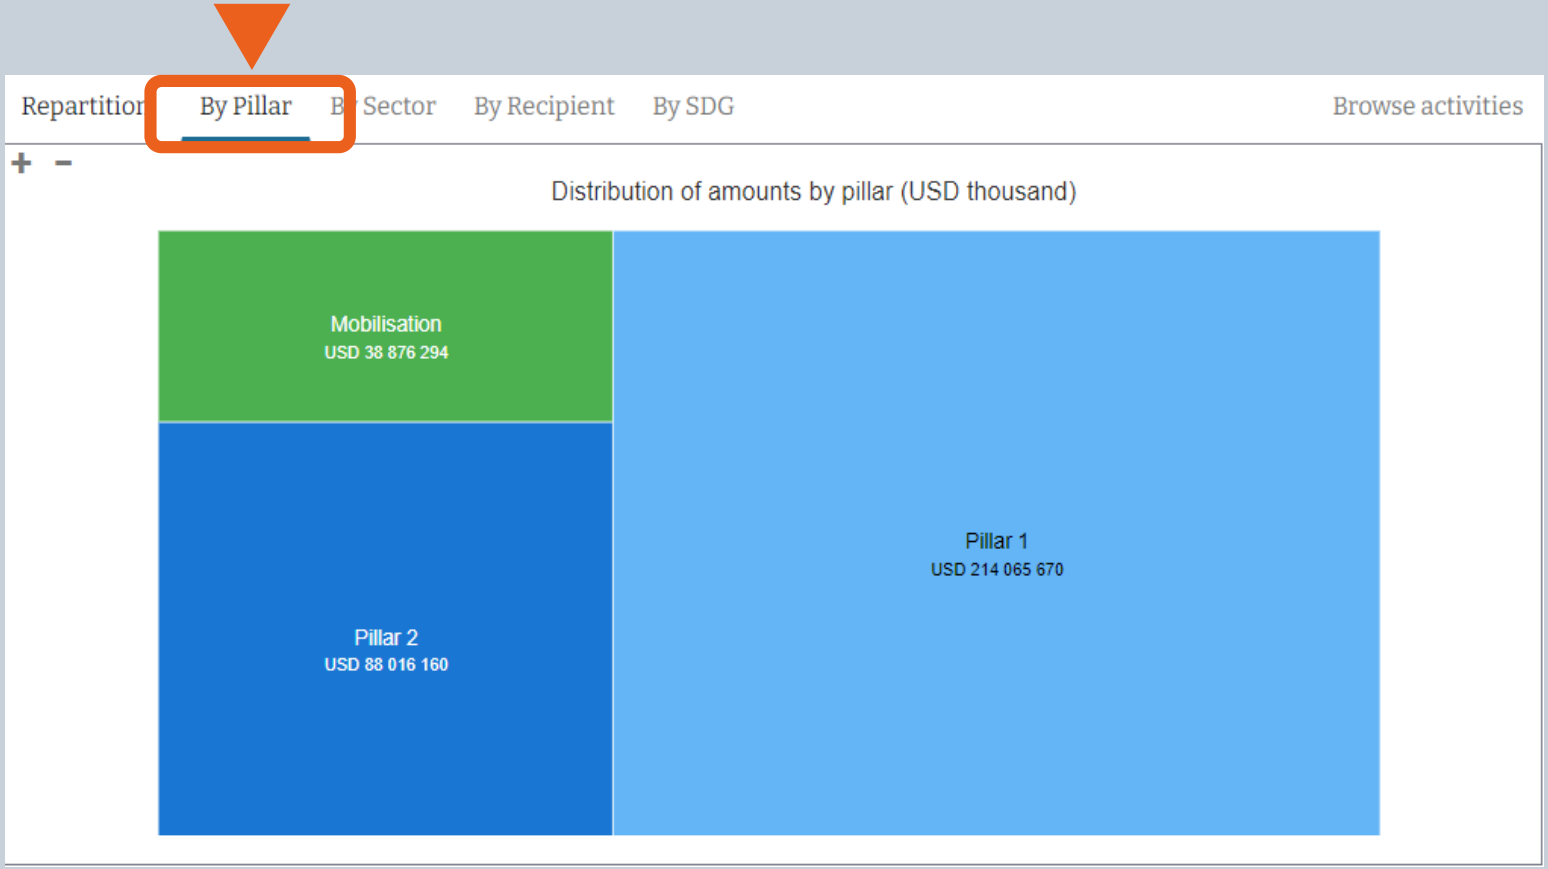
1. Select relevant filters (pillar, recipient country, sector, year)
2. Click on “Apply selection”
3. Select the data visualisation chart by pillar, sector (CRS or ISIC), recipient (chart or map), SDG goals and targets
4. Click on “Browse activities”
5. Click on “Export activities” and download in excel, pdf or xml
6. You are now ready to use and analyse TOSSD data!

TOSSD

Analyse Pillar II expenditures

Example: Compare the share of Pillar I and II

1. Select relevant filters: all pillars, all recipient countries, all sectors, all years.
2. Use the data visualisation to view the breakdown by Pillar.

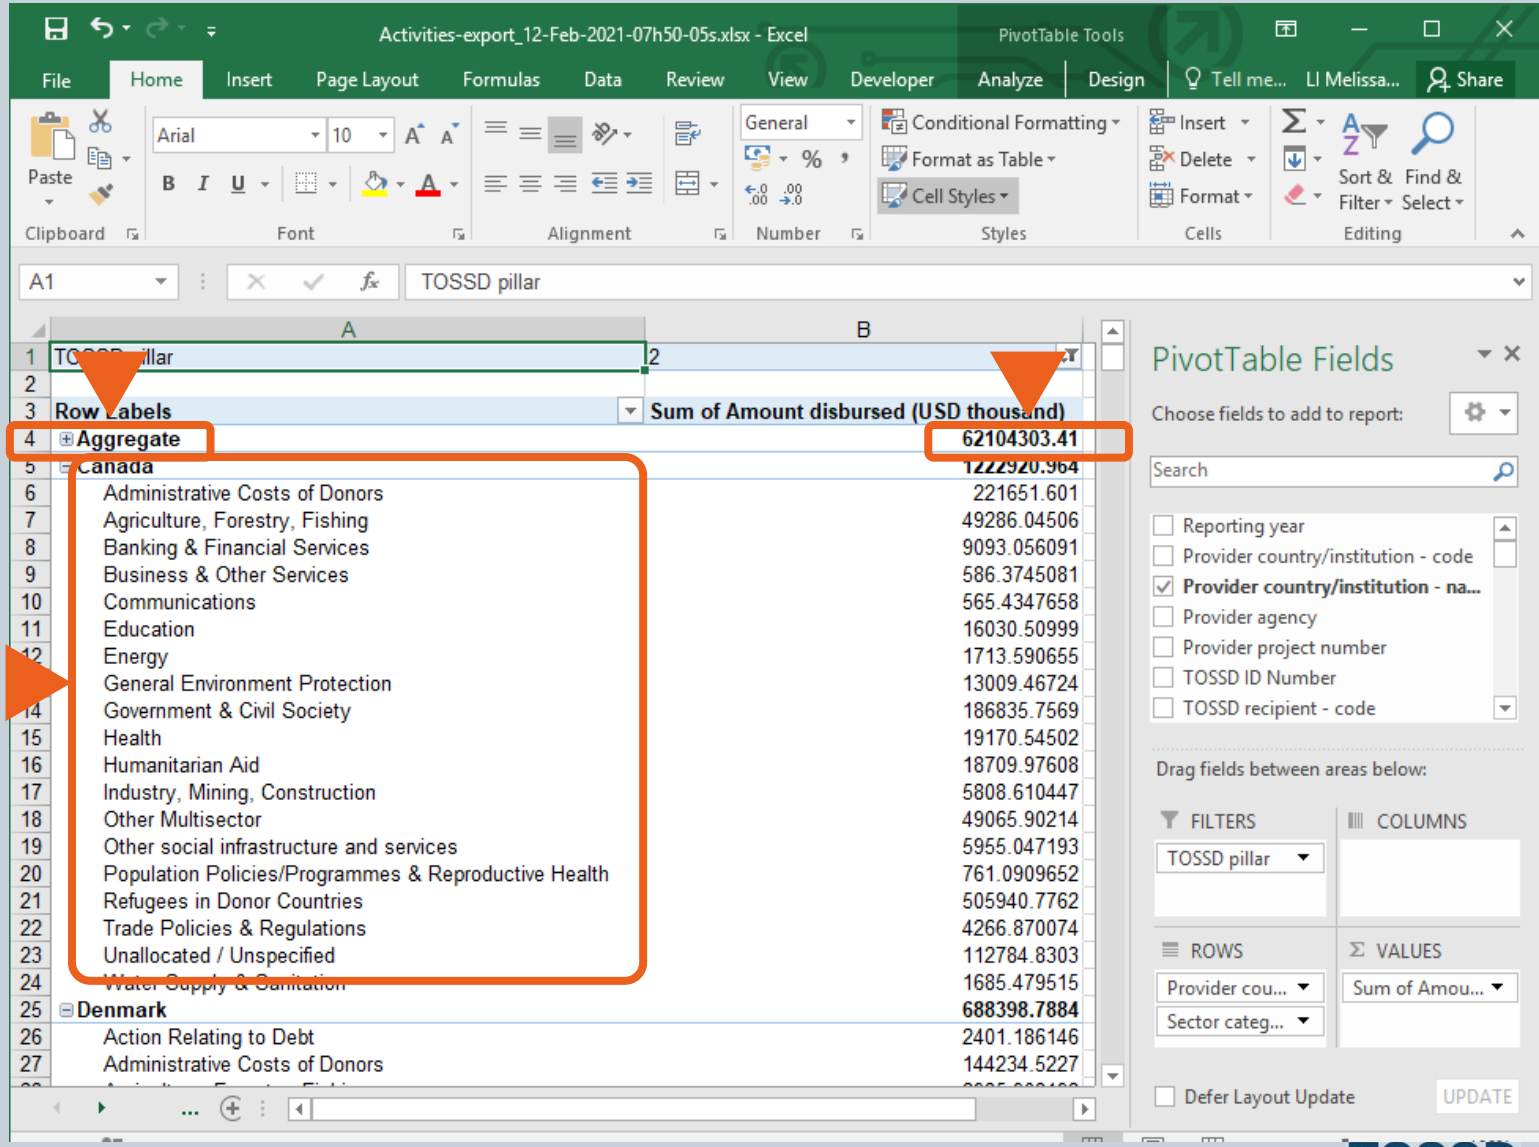


Analysis of TOSSD flows

Analyse Pillar II expenditures

Example: How to analyse Pillar II expenditures

1. Select relevant filters: Pillar II, all recipient countries, all sectors, 2019 as year.
2. Export the results of your query, e.g. in Excel.
3. In Excel, you can use Pivot Tables to e.g. identify **providers**, what **sectors** they target and how much **resources** they spent in support of IPGs.



Analyse Pillar II expenditures

Example of a Pillar II project: the ITER project

- ITER is an intergovernmental research and engineering project aimed at proving the *"feasibility of nuclear fusion as a large-scale and carbon-free source of energy based on the same principle that powers our Sun and stars"*.

iter
china eu india japan korea russia usa

- In addition to the absence of greenhouse gases, advantages of nuclear fusion include the absence of long-lasting radioactivity, nearly unlimited availability, and limited risk of proliferation. Should ITER succeed in making the demonstration that nuclear fusion is scientifically and technologically feasible, it will provide a major contribution to global sustainable development. A notable feature of the ITER project is that it mobilises both advanced and emerging economies to co-operate on producing a particular GPG; members of ITER are China, the European Union (EU), India, Japan, Korea, Russia and the United States.

Monitoring of global commitments

Monitoring of global commitments

Use of TOSSD data by the Global Compact on Refugees (GCR)

TOSSD is recognised as an official data source for five indicators of the GCR Indicator Framework

UNHCR
The UN Refugee Agency

TOSSD is a unique data source to collect data on the support of refugees in a systematic manner.

Data on the support for refugees are captured from reporters to the ODA system only through ad-hoc surveys.

Additionally, TOSSD can provide data on sustainable reintegration of refugees in the economy and culture of the provider country.

TOSSD

Monitoring of global commitments

Use of TOSSD data by the Global Compact on Refugees (GCR)

TOSSD is recognised as an official data source for five indicators of the GCR Indicator Framework

Indicators of the GCR Indicator Framework	Relevant TOSSD components
1a) Flows provided to, or for the benefit of, refugees and host communities in refugee hosting countries (1.1.1a). 1b) and in donor countries (1.1.1b).	**Modality I03:** Support to refugees/protected persons - in other countries of asylum (TOSSD-eligible countries) **Modality I01:** Support to refugees/protected persons in the provider country (up to 12 months of their stay) **Modality I02:** Support to refugees/protected persons in the provider country (beyond the 12 months period)
2) Number of donors providing resources to, or for the benefit of, refugees and host communities in refugee-hosting countries (1.1.2)	**Modality I03** and **provider country**

TOSSD

Monitoring of global commitments

Use of TOSSD data by the Global Compact on Refugees (GCR)

TOSSD is recognised as an official data source for five indicators of the GCR Indicator Framework

Indicators of the GCR Indicator Framework	Relevant TOSSD components
3) Proportion of resources provided to, or for the benefit of, refugees and host communities, channelled to national actors in refugee-hosting countries (1.2.1).	**Modality I03** and **channel**
4) Flows of resources provided to, or for the benefit of, refugee returnees in the country of origin (4.1.1).	**Modality I04:** Support to refugees/protected persons voluntarily returning to their countries of origin, nationality or last habitual residence (TOSSD-eligible countries)
5) Number of donors providing resources to, or for the benefit of, refugee returnees in the country of origin (4.1.2).	**Modality I04 and provider country**

6

Development effectiveness

Development effectiveness

TOSSD data can help to improve development effectiveness

TOSSD can be part of a renewed rationale for development effectiveness: a more comprehensive picture of the official flows and delivery channels provided by a broader landscape of actors, including the private sector, is a basis for better understanding effectiveness challenges and devising solutions for effective delivery at country level.

TOSSD

Development effectiveness

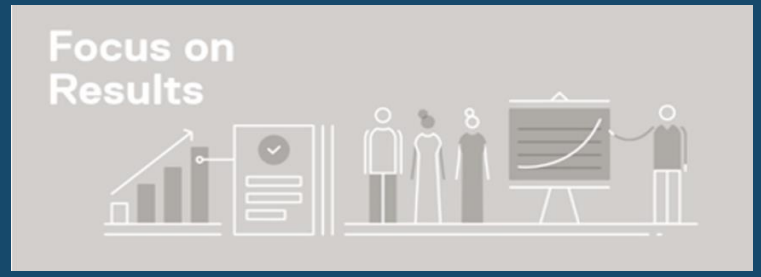
TOSSD data can help to improve development effectiveness

TOSSD can support development stakeholders to implement the four principles of effective development co-operation:

1

Ownership: TOSSD can provide developing countries with a wider view of development resources flows for their country, and how these resources are aligned with the SDGs.

2



Focus on Results: having a fuller list of development activities gives developing countries important information to make the link to the results of these activities.

TOSSD

Development effectiveness

TOSSD data can help to improve development effectiveness

TOSSD can support development stakeholders to implement the four principles of effective development co-operation:

3

<u>Inclusive Partnerships</u>: TOSSD provides a picture of the wide array of partnership modalities, including South-South and Triangular Co-operation, but also those involving the private sector and philanthropic foundations.

4

<u>Transparency and Mutual Accountability</u>: more comprehensive data on resource flows promotes transparency amongst all actors, can be a basis for coordination, and is critical for ensuring evidence-based accountability and dialogue between actors and learning based on evidence.

TOSSD

7

Transparency, communication and promotion

TOSSD is being used for transparency and a wide range of communication needs

- Transparency and accountability towards citizens
- Publication on website, discussions in parliaments
- Communication and understanding about funding gaps
- Communication on how domestic expenditures contribute to sustainable development, e.g. on climate change mitigation
- Promotion by providers to showcase their efforts towards sustainable development to developing countries
- Preparation of sustainable development reports by both provider and recipient countries

8

Policy formulation

Policy formulation

Providers can use TOSSD data for policy formulation in many areas

- Targeting of recipients
- Monitoring of global commitments (e.g. LDCs)
- SDG focus
- Sectors
- Main channels of delivery
- Mix of financial instruments and modalities
- Policy towards private finance mobilised, concessional / non-concessional mix

Questions & answers

Summary of key points

Summary of key points

TOSSD data are made public in the TOSSD data visualisation tool https://tossd.online/. The tool helps to get a first overview of the data. For further analysis, data can be exported to Excel, SML or PDF.

TOSSD data are **useful for a variety of data users**: recipient countries, media/journalists, providers, CSOs, think tanks, academics, data analysts and specific communities (e.g. people working on support to refugees).

TOSSD data can **fill a variety of information needs**:

development planning, SDG monitoring, analysis of TOSSD flows, SDG monitoring, monitoring of global commitments, and development effectiveness.
